The changing face of the PEI 300... in 30 seconds

Click the button to see how the ranking has evolved since it was launched in 2007, when a mere \$32bn earned top spot

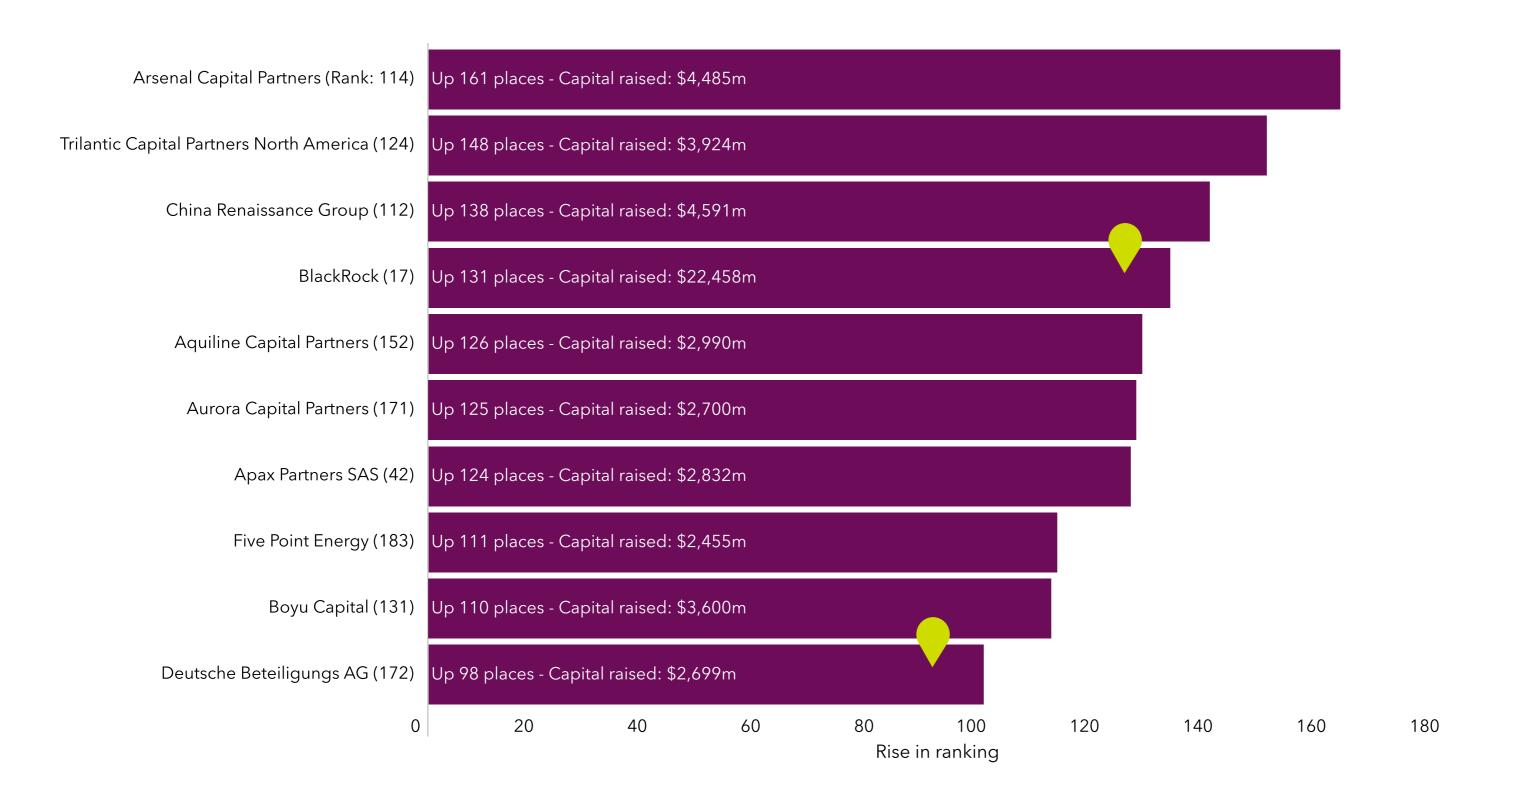

10 biggest risers

The firms that made the biggest leap in this year's PEI 300

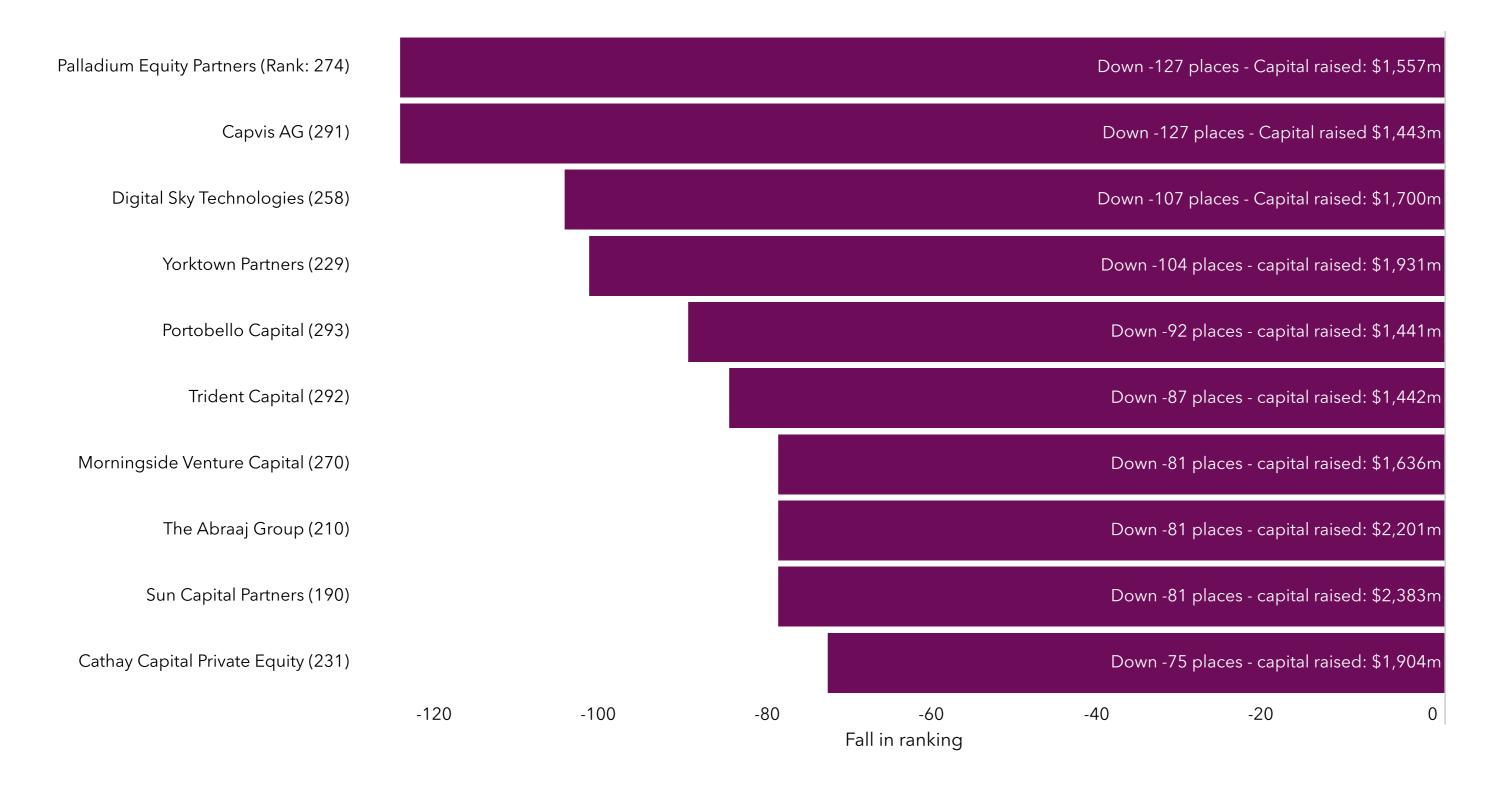

10 biggest fallers

The firms that dropped the furthest over the last 12 months

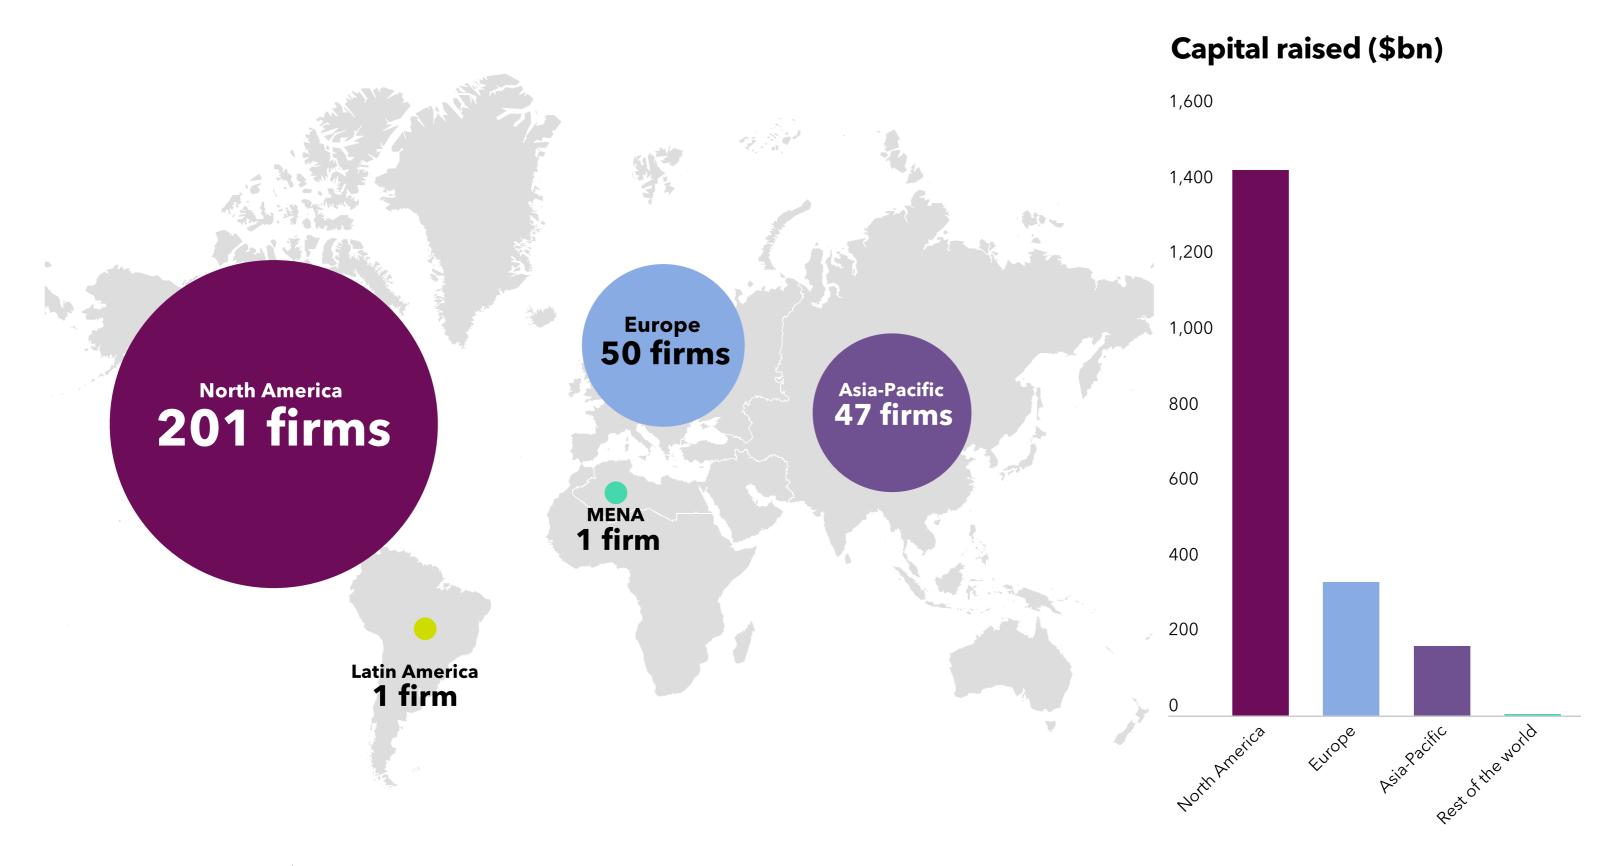

The PEI 300 by region

How the ranking breaks down by firm HQ and capital raised

Fundraising by region

Despite just 10 of the top 50 firms being headquartered on the continent, Europe-based firms had the highest average five-year fundraising total across the whole ranking

Average capital raised

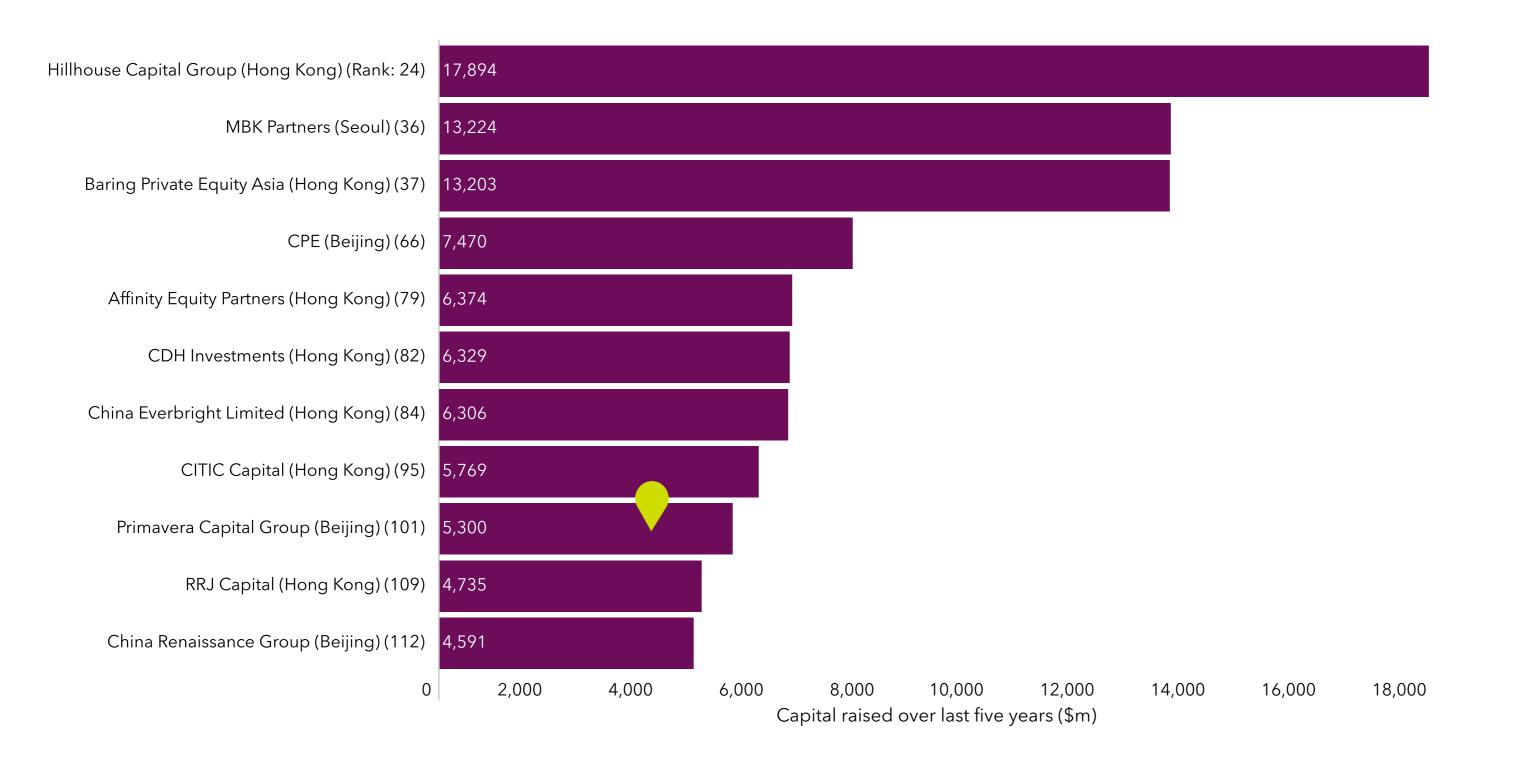

\$7,303m Europe \$7,182m
North America

\$4,026m
Asia-Pacific

Asia's biggest firms

This year there are eight Asia-Pacific-headquartered firms in the top 100, up from five in 2010. Asia-Pacific-based funds in 2020 had a combined five-year fundraising total of \$185bn

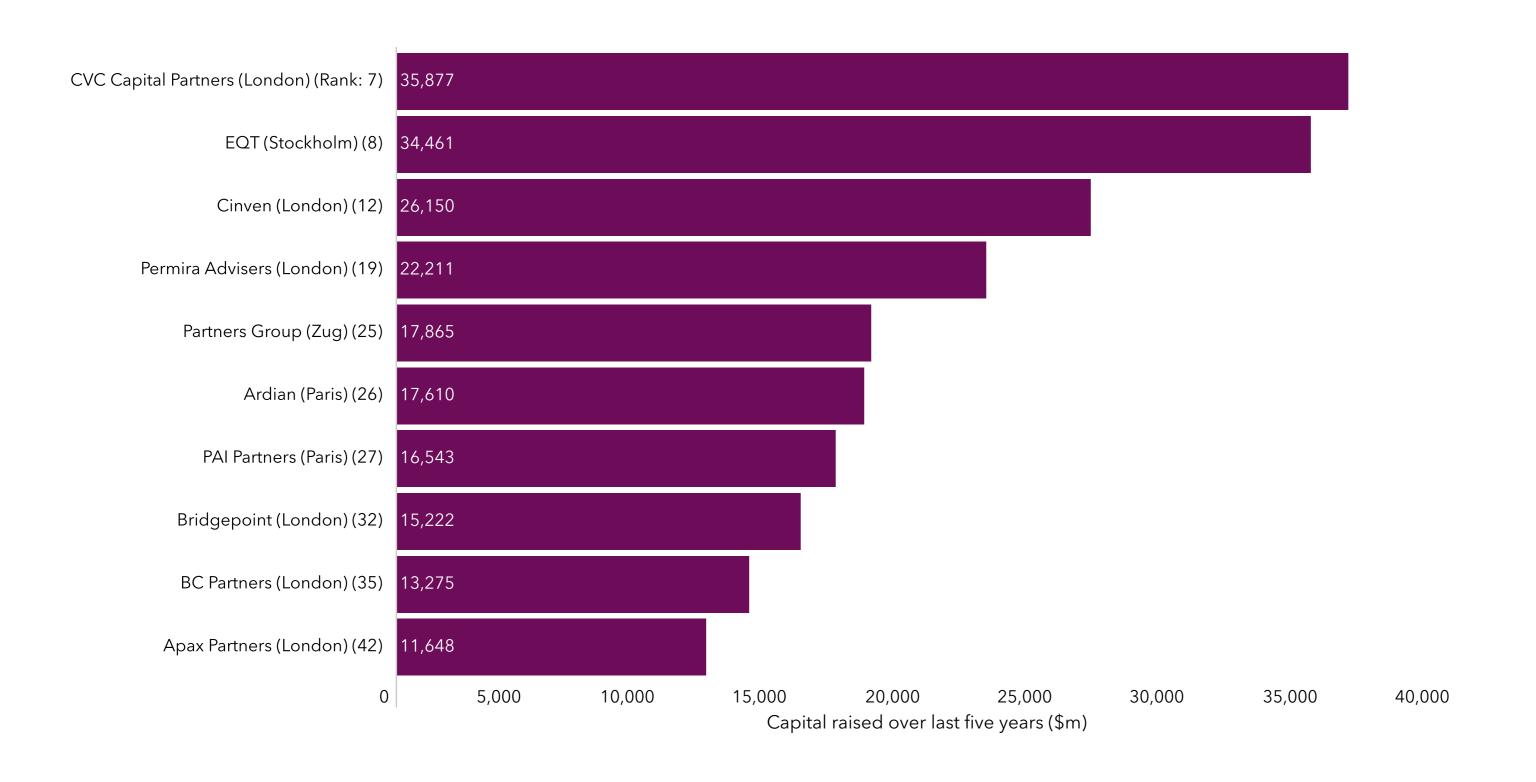

Europe's biggest firms

There are 50 Europe-headquartered firms in the PEI 300 this year, down from 56 in 2019 and 64 in 2010

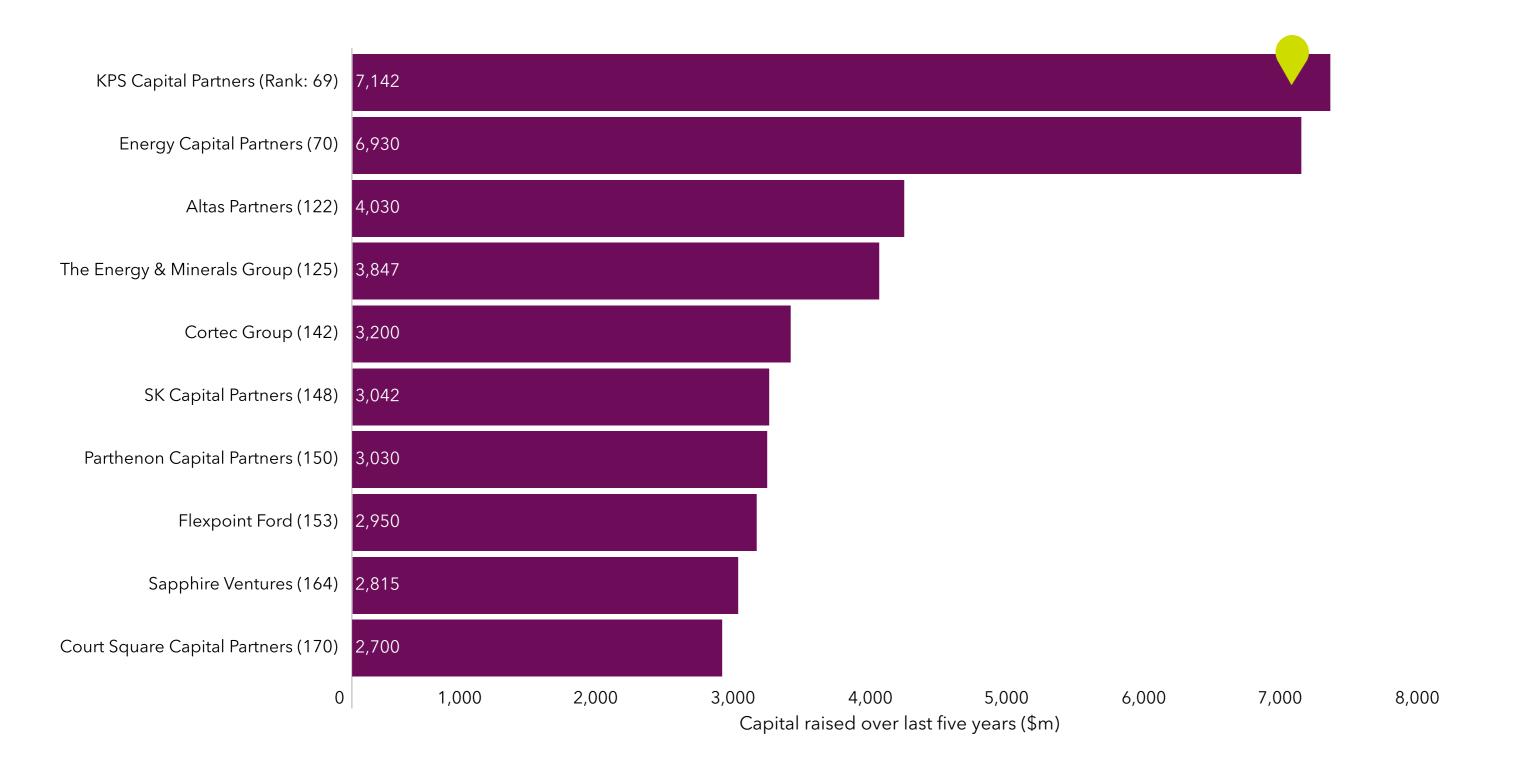

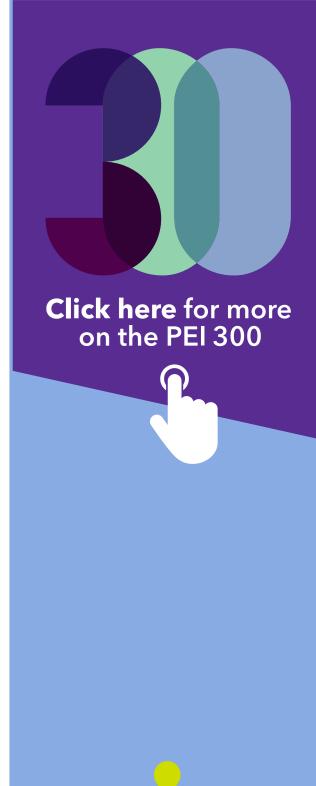

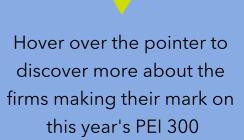

New entries and re-entries

There are 54 new entrants into this year's PEI 300, with a collective five-year fundraising total of \$121bn

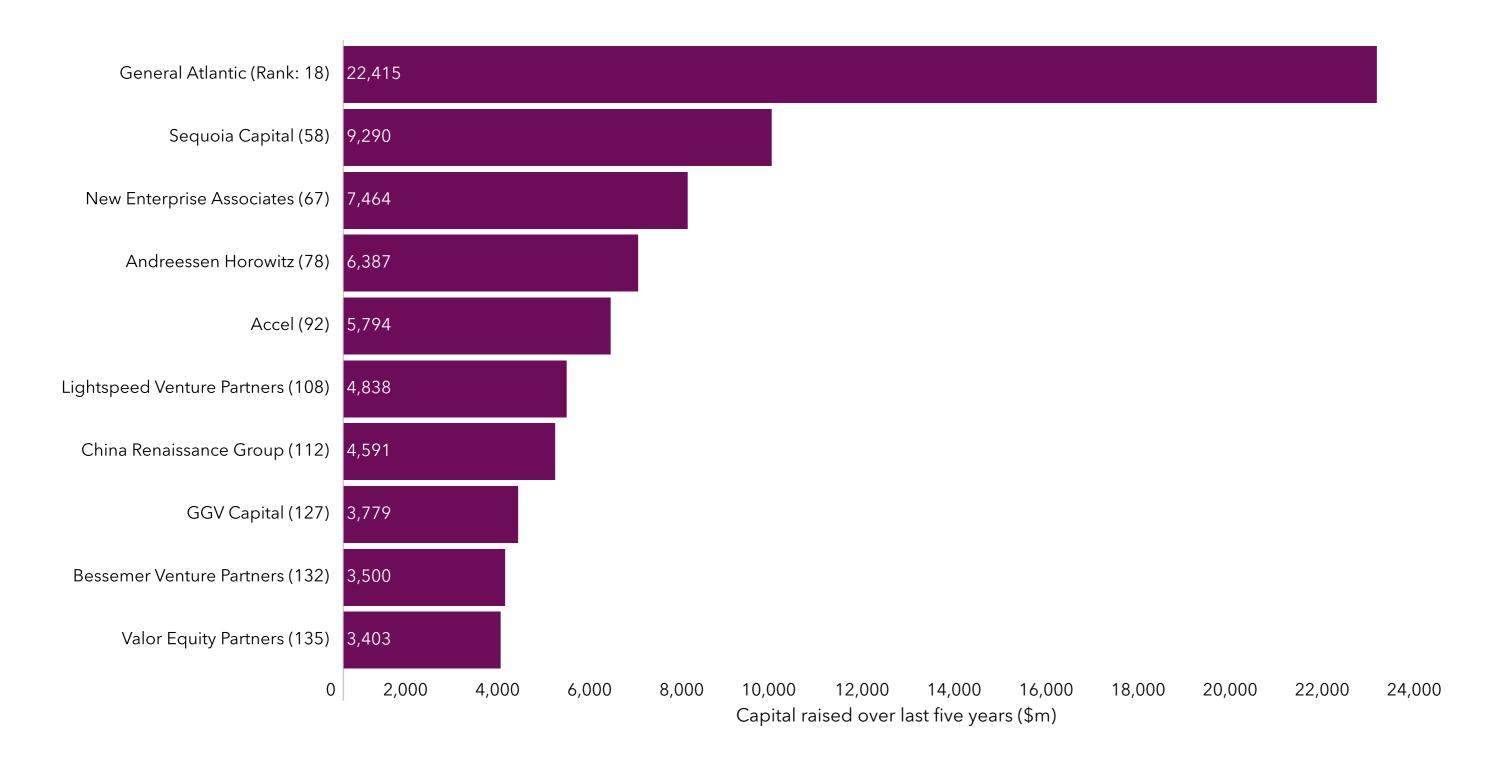

Top 10 growth-focused firms

Growth equity has been gaining in popularity with LPs in recent years, with fundraising for the strategy hitting \$152bn in 2019 and 92% of those funds either hitting or exceeding their targets, per PEI data
